**Visit the website for the full list of [CSFS membership benefits](#).**

To apply for student membership visit the [Join](#) page of the website.

All student members studying on a CSFS accredited course can automatically upgrade to Associate on completion of their degree (*transcript email required*). This can be done before graduation and if you are in the middle of your subscription period you will be upgraded to Associate at no extra cost (*increase will take effect on renewal date*).

Student members on non accredited courses can upgrade automatically to Affiliate on completion of their course and can apply to upgrade to Associate—all we need is the name and email address of 2 referees and a copy of your transcript of results.
