

Pre-Employment Assessment of Competence (PEAC)

Assessment Centre University of Strathclyde

Laboratory Analysis (Chemistry) 28 June 2017

Location of Assessment Centre

Centre for Forensic Science
Department of Pure and Applied Chemistry
University of Strathclyde
Royal College Building
204 George Street
Glasgow
G1 1XW

Arrival at the University

Candidates and Assessors should report to room R6.18¹ on Level 6 of the Royal College Building.

The Centre for Forensic Science can be found on Level 6 of the Royal College Building.

- Upon entry to the building through the main entrance on George Street, up the marble staircase are the lifts which can be taken to level 6.
- Those entering through the side door across from the NCP Car Park on Montrose Street, walking straight along the corridor will also take you to the lifts.
- Note that these entrances are not suitable for any candidates with specific access requirements; alternative instructions can be provided if this is needed.

Delivery Manager

Lynn Curran

Maps/Directions

For maps/directions to the venue please see <http://www.strath.ac.uk/maps/>

¹ To get there candidates should head out of the lift on Level 6, take a right and right again. R6.18 is at the end of the corridor on the left hand side.

Car Parking

By road, the nearest car park is the NCP on the corner of Montrose/George Street:

<http://www.strath.ac.uk/conferencingandevents/delegateinformation/gettinghere/>

Tickets can be validated by Security Control on the ground floor of the Livingstone Tower to get a preferential parking rate, so a full day's parking should cost £6, for which information is in the link.
